

Qualified Mac Workstations for Avid Media Composer and Avid Xpress Pro

Qualified Macintosh Workstations	Avid Mojo or Avid Mojo-SDI	Avid Unity MediaNetwork Ethernet (including LANshare)	Avid Unity MediaNetwork Fibre Channel	Avid Unity ISIS	Notes
Apple Mac Pro Dual Quad-Core 3 GHz or higher Intel processor	√	√	√	√	Support for NVIDIA GeForce 7300 GT 256MB graphics card
Apple Mac Pro Two Dual-Core 2.66 GHz or higher Intel processor	√	√	√	√	Support for NVIDIA GeForce 7300 GT 256MB graphics card
iMac 2.33 GHz or lower Core 2 Duo Intel processor, 24" Display	√				Support for NVIDIA GeForce 7600 GT 256MB or NVIDIA GeForce 7300 GT 128MB graphics card
iMac 2.16 GHz or higher Core 2 Duo Intel processor, 20" Display	√				Support for ATI Radeon X1600/256MB or ATI Radeon X1600/128MB graphics card
iMac 2.0 GHz or higher Core 2 Duo Intel, 17" Display	√				Support for ATI Radeon X1600/128MB graphics card
Apple Power Mac Quad-core 2.5GHz PowerPC	√	√	√	√	The latest dual core G5 PowerMac systems have PCI-e slots only (no legacy PCI-x slots). Therefore the following cards are required for connecting SCSI or Fibre external storage. - ATTO ExpressPCIe UL5D SCSI (EPCI-UL5D-0R0) - ATTO Celerity FC-42ES (CTFC-42ES-000) - FireWire PCIe Controller - ADS Pyro PCI 64 (Part Number API-316)
Apple Power Mac Dual-core 2.3GHz PowerPC	√	√	√	√	Additional Configuration details .
Apple Power Mac dual 2.7 GHz G5	√	√	√	√	Additional Configuration details .
Apple Power Mac dual 2.5 GHz G5	√	√	√	√	Additional Configuration details .
Apple Power Mac dual 2.3 GHz G5	√	√	√	√	Additional Configuration details .
Apple Power Mac dual 2.0 GHz G5	√	√	√	√	Additional Configuration details .
