

# Table of Contents – MC201 v8.6

<b>Introduction.....</b>	<b>ix</b>
Using This Book .....	ix
Using the Course Material .....	ix
Prerequisites.....	xi
System Requirements .....	xi
Becoming Avid Certified.....	xi
Avid Certified. Real skills, proven. ....	xiii
<b>Lesson 1: Starting Out.....</b>	<b>15</b>
Planning Your Edit.....	2
Overview of Workflows.....	2
Considerations When Starting a New Project .....	4
Preparing the Project Settings .....	9
Common Capture and Delivery Formats .....	13
Storage Requirements .....	19
Preparing the System.....	22
Where Does Your Project and Associated Data Reside? .....	23
Review/Discussion Questions.....	26
<b>Exercise 1: Starting Out .....</b>	<b>27</b>
Exercise 1.1: Explore Resolutions (Codecs) .....	28
Exercise 1.2: Reveal Bins: Which Final Is Final? .....	28
Exercise 1.3: Media File Folders and Databases .....	29
Exercise 1.4: Audio Midpoint Attenuation .....	29
Exercise 1.5: Making a Duplicate Setting .....	30
<b>Lesson 2: Media Input.....</b>	<b>33</b>
Input: Link or Import?.....	34
Working with the Source Browser.....	38
Using the Browser Tool to Link Media .....	39
Working with Camera Cards .....	40
Using the Source Browser Tool to Import Media.....	44
Other Ways to Link or Import Media .....	47
Workflow for Ingesting Media .....	48
Consolidate vs. Transcode .....	49
Background Consolidating or Transcoding .....	51
How Media Composer Adapts Footage .....	54

Aspect Ratio Issues with Standard Definition Footage .....	60
Review/Discussion Questions .....	63
<b>Exercise 2: Importing and Managing Media .....</b>	<b>65</b>
Exercise 2.1: Relinking to Files that have Moved .....	66
Exercise 2.2: Workflow for Offline to Online .....	67
<b>Lesson 3: Multicamera Editing .....</b>	<b>69</b>
Preparing the Production Team .....	70
Avid Multicamera Editing Workflows .....	74
Creating Group Clips .....	74
Setting Up for Multicamera Editing .....	77
Editing a Multicamera Sequence .....	83
Committing Multicamera Edits .....	85
Creating Multigroup Clips .....	86
Additional Grouping Methods: Ganging Footage in Monitors .....	91
Review/Discussion Questions .....	92
<b>Exercise 3: Performing a Multicam Edit .....</b>	<b>93</b>
Exercise 3.1: Preparing for the Multicam Edit .....	94
Exercise 3.2: Edit Multicamera Material .....	95
<b>Lesson 4: Advanced Editing Techniques .....</b>	<b>97</b>
A New World of Editing .....	98
The Timeline .....	98
Sequence Templates and Favorite Bins .....	101
Working with Tracks in the Timeline .....	103
Cleaning Tracks .....	108
Enhancing Functions with Modifier Keys .....	111
Further Editing Tips and Techniques .....	119
Review/Discussion Questions .....	126
<b>Exercise 4: Advanced Editing Techniques .....</b>	<b>127</b>
Exercise 4.1: Understanding Track Order .....	128
Exercise 4.2: Sequence Cleaning .....	128
Exercise 4.3: Sync Point Editing .....	129
<b>Lesson 5: Working with Graphics and Mattes .....</b>	<b>131</b>
Working with Still Graphics .....	132
Linking to a File .....	134
Importing a File .....	139
Organization .....	143
Importing Animated Graphics .....	145
Batch Import in the Graphic Workflow .....	147

Editing Graphics and Logos with Alpha.....	149
Animated Lower Thirds.....	150
Importing Photoshop Layers .....	151
Review/Discussion Questions.....	161
<b>Exercise 5: Importing Graphic Files .....</b>	<b>163</b>
Exercise 5.1: Import a Series of Numbered JPEGs .....	164
Exercise 5.2: Unlocking the Matte Key.....	164
Exercise 5.3: Add the Final Graphics in Incubate.....	165
<b>Lesson 6: Multilayering and Compositing.....</b>	<b>167</b>
Reviewing Effect Techniques.....	168
Using the 3D Warp Effect.....	173
Saving and Using Effect Templates .....	177
Making a Video Wall .....	178
Adding Some Animation.....	182
Some Final Considerations for Keyframes .....	183
Collapsing Tracks in the Timeline.....	186
Understanding Perspective and Target.....	188
A Quick Guide to the Remaining Features.....	193
Review/Discussion Questions.....	195
<b>Exercise 6: Using the 3D Warp .....</b>	<b>197</b>
Exercise 6.1: Peel off a Blur .....	198
Exercise 6.2: Using the 3D Warp to Make Transitions .....	199
Exercise 6.3: Add a Flash Pan.....	201
<b>Lesson 7: Color Correction .....</b>	<b>203</b>
The Color Correction Tool.....	204
Color Correction Workflow.....	206
Semi-Automatic Correction.....	212
Color Cast Removal.....	216
Using Correction Templates.....	221
Keeping It Legal.....	224
Review/Discussion Questions.....	227
<b>Exercise 7: Color Correction .....</b>	<b>229</b>
Exercise 7.1: Practice your Skills on the Sequence .....	230
<b>Lesson 8: Working with Audio.....</b>	<b>235</b>
Preparing for the Audio Mix .....	236
Understanding Tracks, Channels and Voices .....	237
Stereo.....	238
Workflow for Audio Mixing.....	245

Applying Audio Effects .....	248
Audio Effects: EQ .....	254
Audio Effects: Dynamics .....	262
Review/Discussion Questions .....	268
<b>Exercise 8: Working with Audio.....</b>	<b>269</b>
Exercise 8.1: Remove Hum at a Particular Frequency .....	270
Exercise 8.2: Remove Noise at a Particular Level.....	272
Exercise 8.3: Applying to a Master Clip .....	273
Exercise 8.4: Best of the Rest.....	274
<b>Lesson 9: Delivery .....</b>	<b>275</b>
What are your Delivery Requirements?.....	276
Preparing for Output.....	277
Closed Captions .....	282
Reformatting.....	285
Final Considerations Before Output.....	287
Output Options.....	289
Archiving Your Project.....	291
Introducing AS-02–Versioning.....	294
Cleaning Up Your Media .....	298
Review/Discussion Questions .....	301
<b>Exercise 9: Delivery.....</b>	<b>303</b>
Exercise 9.1: Performing a Data Mixdown .....	304
Exercise 9.2: Exporting Closed Captions Text .....	304
Exercise 9.3: Delivery Specifications.....	305
Exercise 9.4: Archive to and Restore from a Folder .....	305
<b>Index: .....</b>	<b>307</b>
